## Transition

## Who Will Win the 2020 Presidential Election?

Some witty political pun

Why is this important?

Seriously?

## Data

- Collected from Census and Election Results
- 2012, 2016, 2018 Demographics

- Features of interest:

- ☐ Age
- ☐ Sex
- ☐ Race
- ☐ Education
- ☐ Income

## Method

Three Parties:

- Democratic
- Republican

- Third Party

Use previous elections data to predict next election

Predicted votes in each county

Add up votes in each state to determine winner

First to 270 Electoral votes wins!

### County Results

## 2016 Results
